---

### CWIT Scholarship Funding

Carolina Women in Tech has graciously sponsored a young lady for the Dottie Rose Foundation's spring semester App Lab Project. During this semester long project, girls will create an app for a community partner and present to the local community partners. Dottie Rose is partnering with SentryOne for the project.

The young lady CWIT is sponsoring is Kamryn Allen-Waters. This is the second camp CWIT has been able to support and is providing Kamryn with an amazing opportunity to continue learning and growing in her tech skills.
